#### Guards Receive Congratulations from Eisenhower, Stratton

MR. AND MRS. EZRA GUARD, who celebrated their fiftieth wedding anniversary recently, have a couple of pieces of paper which they treasure.

One is from President Dwight Eisenhower, which says: "Please accept my sincere congratulations on your 50th wedding anniversary with best wishes for many more years of happy companionship."

The other, signed by Gov. William G. Stratton, extends the governor's and Mrs. Stratton's congratulations and best wishes for the future.

Mr. and Mrs. Guard live on the Dorris Heights road.

I visited a man and his wife whose seventh son is now in the service.

I made the trip Friday afternoon, heading south out of Carrier Mills on a gravel road past the A. V. Tuller farm house like you go to Rock Hole, only you don't. You turn off to the right and go about a quarter of a mile and you're at the John Rouse home.

Mr. and Mrs. Rouse have seven sons who have been in the service.

First, Nathaniel, joined the Merchant Marine in September of 1941 and still belongs although he is disabled. He makes his home in New York City.

Leon entered the service in World War II and was in the Philippines for 24 months.

Loren was a sergeant in World War II, but suffered spinal meningitis and received a medical discharge.

John Calvin was in the Navy for three and a half years, in World War II, then shortly after getting his discharge he re-entered the service for two years. After that he joined the Marine Corps in 1952 and served 12 months.

Robert Rue was in the Navy, in the South Pacific, for three years and nine months, in World War II. Donnie entered the Marine Corps in 1952 and received a medical discharge after serving 11 months.

That brings us up to Coy Eugene, who joined the Air Force in January, 1953, and has been at Parks Air Force base in California.

But that isn't all. A grandson, Jimmy Walls, son of their daughter, Odessa Jones of Indianapolis, is in the Air Force, too. Jimmy and Coy, about the same age, volunteered together. He is in the Far East at present.

#### Death Takes Mrs. Edward E. Harned; Rites Wednesday

Mrs. Louise Harned, 70, wife of Edward E. Harned, 14 East Logan street, died early today from a heart ailment with which she had been ill for several years.

She was the daughter of the late Leonard and Mary Ross, pioneers of White County, and was born May 17, 1874. She married Edward Harned May 20, 1905, and has been a resident of Harrisburg since 1920. She was a member of the First Presbyterian church.

The funeral will be Wednesday at 2 p. m. at the Gaskins funeral home. Rev. John P. Emig will conduct the service, and burial will be in Sunset Hill cemetery.

She is survived by her husband, Mr. Harned; one daughter, Mrs. Clyde (Clara Louise) Pittman, Harrisburg; a son, Edward R. Harned, Chicago, and one foster granddaughter, Mrs. John E. Evans, Burlingame, Calif.

She was preceded in death by a son, John, in 1922 and a daughter, Mrs. Harker (Mary Catherine) Milley, in 1949.

#### Lowden Perkins Named To Sheriff's Force, Replacing Ebert May

Lowden Perkins has been appointed to the sheriff's force by Sheriff Paul Spangler, replacing Ebert May.

Perkins began his duties today. A resident of Independence township, Perkins was a member of the Illinois state police force in the early forties.

### Molotov Lists Conditions for Geneva Meeting

#### West Proposes Korean Conference, To Be Held April 15

BERLIN (AP)—The Big Four foreign ministers met for two hours in secret session today and informed sources said they made "some slight progress" toward agreement on a Far Eastern peace conference.

It was the fourth secret session of the Big Four. They decided to hold a fifth on Wednesday morning and Western sources said there were "slightly better chances" now that they still may reach agreement.

The American, British and French delegates have proposed holding a Korean peace conference in Geneva, Switzerland, on April 15 with Communist China and other "interested parties" present.

The Geneva conference would supersede the deadlocked preliminary Korean peace talks which broke down at Panmunjom in December.

#### Molotov Lists Conditions

If the Geneva conference on Korea succeeded, a second conference would be held on Indochina with Communist China and the three associated states of Indochina—Viet Nam, Laos and Cambodia—represented.

Western sources reported that Soviet Foreign Minister Vyacheslav M. Molotov had agreed in principle to the Geneva conference but with the following conditions:

1. Communist China would join the Big Four in convening the conference instead of merely being invited to it. This in effect would recognize the Peiping government as one of the five great powers.

2. Red China would be given equal rights with the Big Four in all preparatory talks and arrangements for the Geneva conference.

3. The agenda or program for Geneva would not be limited to Korea and, later, to Indochina. Instead the door would be left open for extension of the conference to general Far Eastern security issues.

Western sources said the Western foreign ministers still opposed the idea of extending the Geneva talks to a general Far Eastern conference.

The main problem now, informants said, was to find a formula on which the Western powers and Soviet Russia could agree without either side suffering diplomatic defeat.

Today's secret session was held at the Soviet embassy in East Berlin.

#### Dulles to Report On Conference to Congress Leaders

WASHINGTON (AP)—Secretary of State John Foster Dulles will give Democratic and Republican leaders of Congress a secret briefing on the Big Four foreign ministers conference when he returns from Berlin, it was announced today.

President Eisenhower told Republican congressional leaders of the plan at their regular Monday morning White House conference.

Senate GOP Leader William F. Knowland (Calif.) told reporters the briefing will include Republican and Democratic leaders of the House and Senate, and the chairmen and ranking Democratic members of the Senate and House committee on foreign affairs.

Knowland said the briefing is in line with the administration's policy of keeping congressional leaders of both parties up to date on developments in the field of foreign affairs.

#### H. V. Endicott of Near Eldorado Dies

Howard V. Endicott, 68, resident living two miles east of Eldorado, died Saturday at 10:30 p. m. at the Ferrell hospital. He was a retired carpenter having been ill for one week and entering the hospital on Saturday morning.

He is survived by one brother, Enoch, of Eldorado, and three sisters, Mrs. Otto Strain and Mrs. Bryant Mitchell, both of Eldorado, and Mrs. Ed Sutton of Forneft, Mo.

The body now lies in state at the Martin funeral home where the funeral will be Tuesday at 2 p. m. Rev. Homer Young will conduct the service, and burial will be in the Cottage Grove cemetery.

**AMBASSADOR'S DAUGHTER ENGAGED**—Patricia Kennedy, 29, daughter of former Ambassador to Britain Joseph P. Kennedy, and British-born movie actor Peter Lawford will marry shortly after Easter. Announcement of their engagement was made by Mr. and Mrs. Kennedy at the Kennedy winter home in Palm Beach, Fla. Lawford, 30, is the son of the late Lt.-Gen. Sir Sidney Lawford. His mother, Lady Lawford, lives in London. (NEA Telephoto)

### Knowland Predicts Will Complete Bricker, Beeson Issues This Week

#### By United Press

Senate Republican Leader William F. Knowland predicted today the Senate will complete action this week on the controversial Bricker amendment and Albert L. Beeson's nomination to the National Labor Relations Board.

Clearing the decks of these two hotly-disputed issues will leave the Senate free to begin debate on Hawaiian statehood next week, Knowland reported following a White House legislative conference.

### Young to Kick Off Proxy War To Control NYC

#### NEW YORK (AP)—Rebel railroad

Robert R. Young arrives here today to kick off a proxy war that he hopes will catapult him into control of the giant New York Central System.

The 57-year-old Texan, long has sought control of the Central as part of his plan to create America's first transcontinental railroad. But the Central's present management, headed by President William White, has promised the fiery financier it will wage a "bare fist fight" to retain control of the world's second largest railroad.

The pending proxy war, which will reach its climax at the Central's annual meeting in Albany, N. Y., on May 26, threatens to explode into one of the biggest railroad battles in history.

It also might develop into a tug-of-war between powerful banking interests in the East and the Midwest, particularly Cleveland and Chicago.

Young and the Central's present management both have been hard at work consolidating their forces for a showdown battle.

Informed Wall Street sources say both sides have been buying up Central stock on the open market and mapping plans to woo the road's 44,461 stockholders.

The balance of power rests with the rank and file stockholders of the Central—the housewives and laborers who own but a few shares apiece.

Both sides will wage an all-out effort to win the support of these "little investors."

#### Package Store Is Burglarized

Buser's package store in Stonefort township was burglarized last night between the hours of 8 p. m. and midnight, it was reported this morning to Sheriff Paul Spangler.

Reported taken were two cases of fifths of whisky and probably some pints.

The thieves broke in the front door.

Carl Buser, the proprietor, told Spangler he was at the place until 8 p. m. and came back at midnight to find the place had been burglarized.

#### What's Next?

KITCHENER, Ont. (AP)—William Ferguson viewed the future with apprehension today.

His wife's first child was a son. Next she had twins. Saturday she gave birth to triplets.

### U.S. Sends More B26 Bombers To Indochina

#### Weyland Announces Airlift Supplies American Technicians

TOKYO (AP)—Gen. O. P. Weyland, U. S. air commander in the Far East, said today more B26 light bombers are being flown to Indochina to bolster the French air force.

Weyland also announced that a regular U. S. airlift now is flying supplies to 250 Air Force technicians now at work in Indochina on an aircraft maintenance assignment.

Weyland returned to his Tokyo headquarters last Thursday following conferences with French and Indochinese officials in Saigon.

"During my visit to the troubled areas of Indochina, I was impressed with the French and Vietnamese military leadership and their utilization of U. S. military aid," Weyland said.

"It is my opinion that the military situation there can be expected to improve in the near future."

Weyland declined to reveal the total number of B26's turned over to the French by his Far East Air Force.

"FEAF was directed to move B26's to Indochina," Weyland said. "Twelve were delivered on the first shipment and more departed from FEAF sources last Saturday. These are applied as part of the regular military assistance program to the French forces."

Weyland emphasized that the American technicians are "non-combatants."

"There is very little or no risk to them physically," Weyland said.

"FEAF was directed to send 200 mechanics and technicians, plus the necessary supervisory and administrative personnel, from the Far East Air Forces in Indochina," Weyland said. "These orders have been carried out. Approximately 250 Air Force men have been sent and are in place."

Weyland said the Americans were stationed at two air bases along the Indochina coast.

"In both cases, they are there for the specific purpose of giving training and assistance to French air force personnel in the maintenance of B26 and C47 aircraft, and are not in or near a major combat area," the general said.

### Benson to Cut Dairy Support Prices April 1

WASHINGTON (AP)—Secretary of Agriculture Ezra T. Benson today announced a cut in dairy price supports, effective April 1, which he estimated will mean about an 8-cent a pound reduction in retail butter prices.

Benson told a news conference that government price props on butter, cheese and dried milk will drop from 90 to 75 per cent of parity, the lowest level permitted in farm law.

He said dollars-and-cents support levels for the three dairy products will be announced later. But he said he thinks "housewives can count on about an 8-cent a pound drop in butter."

Benson announced the new dairy price supports for the year starting April 1, as more than 350 million dollars worth of dairy products piled up in government warehouses.

He noted that the Agricultural Act of 1949 requires the secretary to set dairy supports between 75 and 90 per cent of parity, at a level which he determines is "necessary in order to assure an adequate supply."

Benson said he did not discuss the dairy program "in detail" with President Eisenhower, but he said he discussed it "in a general way" two or three times at the White House.

Benson is convinced the lower support level will increase consumption of butter and other dairy products despite the fact that housewives now can buy oleomargarine for about 30 cents a pound. Butter is selling at about 79 or 80 cents a pound in Washington retail stores.

#### Purchases Home

Elmer Gladson, chief engineer at WEQ, has bought the Kenneth Boyett property at 121 West Sloan street and expects to move from Eldorado to his new home in Harrisburg soon.

### Only Four of 130 Firings by Treasury Involve Disloyalty, Subcommittee Report Shows

WASHINGTON (AP)—The Treasury Department fired 130 employees as security risks last year but only four cases specifically involved disloyalty findings, it was disclosed today.

Testimony made public by a House Appropriations subcommittee showed that all but 16 of the 130 dismissals were ordered under the loyalty-security program established by former President Truman.

Elbert P. Tuttle, the Treasury Department's general counsel, supplied the figures but said he could not provide a complete breakdown.

"We do not feel we should pinpoint the issue to either clear a person from the standpoint of what you call subversive or to find him guilty of being subversive," he testified.

### Examiner Asks Guilty Verdict For Joppa Union

ST. LOUIS (AP)—A trial examiner recommended to the National Labor Relations Board today that Local 595 of the Ironworkers Union, Paducah, Ky., be found guilty of unfair labor practices on a complaint filed by the Bechtel Corp.

The case arose out of a dispute between Bechtel and W. B. Sanders, business agent of Local 595, over the union's refusal to clear six ironworkers for employment at the Joppa, Ill., electrical installation last September.

Trial Examiner C. W. Whittemore found that Local 595 had violated the Taft-Hartley Law by attempting to cause Bechtel to discriminate against the six ironworkers and by picketing the Joppa project when Bechtel refused to hire other ironworkers sent to the plant by the union.

The picketing caused the project to shut down for several weeks until the Federal Court at East St. Louis issued a restraining order against the local and Sanders.

International officers of the union had ordered Sanders to halt the picketing. Sanders was later expelled from the AFL for refusing to obey the international's order.

Whittemore also recommended that Local 595 pay the six men—Ernest E. Spell, Lester Gore, Ed Wagner, Floyd Goin, Lloyd Henry and M. E. Heck—whatever loss of wages was incurred as a result of the discrimination.

### Expect Cold Snap To End Spring-in- February Weather

A cold snap swept eastward out of the Dakotas today, threatening an early end to an interlude of spring in February.

It was more than warm enough in the Midwest Sunday for lovers to celebrate Valentine's Day with long strolls in city parks.

New heat records were sent for the day in several cities, including Chicago with 61.5, St. Louis with 73, Des Moines, Iowa 68, and Council Bluffs, Iowa, 66.

Even early this morning temperatures were near the 60 mark in many places along a line from central Nebraska to central Illinois.

But cold Canadian air rushing into a low pressure area in the northern plains was expected to reach Minnesota tonight and Iowa and Wisconsin Tuesday.

Southern California was drying out after a Saturday downpour sent long-living streets in Los Angeles. Several hundred persons were evacuated in boats.

### Set New Deep Sea Diving Record

DAKAR, French West Africa (AP)—Two French naval officers today set a new deep sea diving record when they plunged 4,050 meters (nearly 2 1/2 miles) beneath the sea in a fish-shaped bathyscape.

Their dive of 13,163 feet bested by 2,819 feet the previous record for descent to the ocean's floor, set by Swiss scientist Prof. Auguste Piccard and his son last Sept. 30.

The 50-foot submarine-like bathyscape, the "FNRS-3," set its new record in a 5 hours and 11 minutes plunge to the "bottom of the world" in a deep canyon in the sea floor, 120 miles off this West African port.

But he did say that "four persons have been dismissed from the Treasury Department as disloyal by findings of the loyalty procedure" under the Truman order.

Democrats have been demanding a breakdown of the entire list of 2,200 federal workers the administration has fired as security risks. They have charged Republicans with using "phony arithmetic" to give the impression the government was riddled with Communists and subversives under the Democrats.

The administration is said to be preparing at least a partial breakdown. Meanwhile, however, some of the figures have been released in congressional testimony are disclosed unofficially. In addition to the Treasury Department, they are:

Justice department—Eight persons fired as security risks, including one former Communist. From congressional testimony.

Charges Figures Inaccurate  
Post Office—166 persons fired as security risks, 23,548 under investigation. No report on loyalty cases. From congressional testimony.

State Department—534 security dismissals with 11 cases involving disloyalty. From Democratic members of the House Appropriations subcommittee which questioned Scott McLeod, the department's security personnel chief. McLeod has charged the figures are inaccurate, however.

In the Treasury Department testimony, Tuttle said there were "15 or 16" categories justifying dismissal under the administration's security program. These include such things as drunkenness, perversion and incompetence.

### Expect Easter Sales to Lift Economic Dip

WASHINGTON (AP)—Administration experts expect sales to jump enough this spring to pull the nation out of the current economic dip, informed sources said today.

They believe the big boost will come from Easter shopping and an upsurge in the purchase of autos and home furnishings. Increased farm and construction activity is expected to help.

In the opinion of these economists, the climbing sales will be accompanied by declining inventories—the backlog of goods in the hands of manufacturers, wholesalers, and retailers.

By mid-year they estimate that present inventories—totaling \$79,800,000,000 will fall off by two billion dollars. They are counting on this and rising sales to produce a chain reaction: More orders for goods, a step up in production, and more employment.

Sen. John F. Kennedy (D-Mass.) said in a television interview Sunday that if business does not improve by spring "we'll have to take major steps." There is "room for genuine concern at the slowdown of economic activity," he said.

President Eisenhower and his economic advisers have tagged this pileup of stocks as the major cause of the economic dip. And they have said the dip should disappear when inventories are reduced enough.

MIAMI BEACH (AP)—Directors of the AFL Teamsters Union opened their annual meeting here today with a warning from union President Dave Beck to get ready for a possible economic recession.

Beck said his union, largest in the AFL with some 1,300,000 members, already is feeling the "pinch" of a decline in the used car business which has put the auto industry in its worst shape in 25 years.

### Evansville Man Dies of Injuries

CARMI, Ill. (AP)—Wilford Holder, 28, Evansville, Ind., died in a hospital here Sunday of injuries received when his car overturned early Saturday on Ill. 460 four miles east of McLeansboro.

Holder's wife, Betty, 26, and Robert Gregg, 29, Evansville, were released after treatment of their injuries. Another passenger, Shirley Wriggan, 19, Evansville, was hospitalized with a broken leg.

State policeman Carl Pendell said Holder's car ran off the highway onto a shoulder as it neared a curve. Holder got the car back on the pavement but it went into a skid and rolled over several times.

### Will Fly to Palm Springs for 4 Or 5 Day Visit

#### President Outlines Heavy Schedule So He Can Leave Wednesday

WASHINGTON (AP)—The White House announced today that President Eisenhower hopes to fly to Palm Springs, Calif., Wednesday afternoon for a visit of four or five days.

Press Secretary James C. Hagerty said the President plans to leave shortly after his weekly news conference Wednesday afternoon and will return to Washington on Monday, Feb. 22.

Mrs. Eisenhower will accompany him. They will stay at the home of Paul E. Helms, a personal friend, on Smoke Tree Ranch.

Hagerty said the President and Mrs. Eisenhower have been seeking an opportunity since 1950 to visit Palm Springs, on an invitation from Paul G. Hoffman, former director of the Economic Cooperation Administration. They will be Hoffman's guests although they will be staying at Helms' home.

In addition to enjoying the sunshine and probably some golf, the President will put in some time each day at his desk.

To clear the decks for the trip, Mr. Eisenhower outlined a heavy schedule for the first two days of this week.

He plans to send to Congress, before his departure, a special message recommending changes in the atomic law.

The weekly meeting of the National Security Council will be moved up to Wednesday morning. Sen. William F. Knowland (R-Calif.) said Mr. Eisenhower discussed plans for his trip at his weekly legislative conference with GOP congressional leaders today.

#### Returns From Quail Hunt

Mr. Eisenhower returned to the Capital Sunday night after a relaxing weekend of quail hunting in Thomasville, Ga., at the plantation of Treasury Secretary George M. Humphrey.

The White House staff has been aware of the plans for the California trip for some time but has tried to keep them secret. However, Secret Service and Signal Corps men are reported already in Palm Springs laying the groundwork for the visit.

Officially the White House would say nothing about the proposed trip except that some final word on it may be forthcoming Tuesday.

However, from the California desert resort came word that presidential Press Secretary James C. Hagerty and other members of the White House staff will fly to Hoffman's "Smoke Tree" ranch on Tuesday, a day before the Chief Executive and Mrs. Eisenhower.

### Two Boys Drown Near Centralia

CENTRALIA, Ill. (AP)—Searchers recovered the body of Edward White, 11, from Raccoon Lake today about 100 feet from the spot where the body of his companion, Bill Eiland, 12, was recovered Sunday.

Funeral services for Eiland will be held here and services for White will be at Mounds Wednesday. No date has been set for an inquest into the double drowning Saturday.

The boys were in a boat which apparently leaked and sank as they cried for help to three other boys in another boat nearby. The three boys became frightened and went to their homes. They did not tell their parents about the accident until several hours later.

Authorities did not identify the three boys.

### Miss Lillian Roedel, 72, Dies at Shawneetown

Miss Lillian Roedel, 72, died Saturday morning at her home in Shawneetown where she resided with her sisters, Miss Emma Roedel and Miss Rose Roedel. She was the sister of the late Atty. C. K. Roedel of Shawneetown.

The funeral was at 10 a. m. today at the Wright funeral home in Shawneetown. Rev. Edward Minor, assisted by Rev. Rowland Westervelt, officiated, and burial was in the Westwood cemetery.

### The Weather

"You told me to try something original, professor—just wait till you hear Brahms' Lullaby played in bebop!"

**DREW PEARSON** Says: Segregation Issue And California Politics Lurk Behind Opposition To Warren; Sen. Burke Quotes Fitting Lincoln Lore; Dan Reed Throttles Tax Debate.

WASHINGTON. — Inside reason for the request for an FBI report on ex-Gov. Earl Warren of California before he is confirmed as chief justice is complaints inspired by the ex-attorney general of California, Fred Howser, and opposition by Sen. Jim Eastland of Mississippi, who is afraid Warren will vote for ending segregation in schools below the Mason-Dixon line.

All of this is why Senate Judiciary Chairman "Wild Bill" Langer of North Dakota has bluntly notified the Justice Department that his committee will hold up Warren's confirmation until it gets a full FBI report on him.

Meanwhile, Langer has sent his own investigators to the west coast to check into 97 complaints that the Judiciary committee has received against the distinguished and much revered ex-governor of California. Many of these complaints appear to be from cranks.

It was at the prodding of Senator Eastland that Langer requested an FBI report several weeks ago. When it failed to arrive, Langer phoned Deputy Attorney General Bill Rogers and repeated his demand.

"But Earl Warren is one of the most distinguished men in this country. He has been elected governor of his state three times," protested Rogers.

"Well, he's going to be treated just like everyone else who comes before our committee," snorted the North Dakotan.

Langer then made it clear that Warren won't be confirmed to the nation's highest judicial post until an FBI investigation has been made.

Chief source of the complaints against Warren was California's ex-Attorney General Howser, who would like to see Warren's confirmation blocked. Howser, incidentally, was elected attorney general of California, not appointed by Warren, and the two men were at loggerheads most of the time.

**A DEMOCRAT LINCOLN**  
 Now that all the high-powered oratory commemorating Lincoln's birthday, most of it by Republicans, has died down and Congress is ready to get back to work, it might be interesting to note the speech of a Democrat — Sen. Tom Burke of Ohio.

Mr. Burke, long-time mayor of Cleveland, made a modest little speech about Lincoln the other day which hardly got a line in the newspapers and certainly isn't going to be relished by some of the boys on Capitol Hill.

Among other things, he dug up some pungent quotes from Lincoln. "Lincoln," said Senator Burke, "was deeply preoccupied with the rights of people, not just the high and mighty, but of all the people. Lincoln was opposed to sacrificing principle for political gain and he was opposed to sacrificing people for political gain."

"Lincoln said: 'Never add the weight of character to a charge against (a) fellow man, without knowing it to be true. I believe it is an established maxim in morals that he who makes an assertion without knowing whether it is true or false, is guilty of falsehood, and the accidental truth of the assertion does not justify or excuse him.' This maxim ought to be particularly held in view when we contemplate an attack upon the reputation of our neighbor."

"Recently Postmaster General Summerfield," continued Burke, "said in a prepared speech that the government had rid itself of 2,200 security risks and added this calculated phrase, 'somehow I do not feel too amiably inclined toward people who make treason a preoccupation.'"

"Lincoln said: 'I believe we need nothing so much as to get rid of unjust suspicion of one another.'"

"The President's legal counsel, Bernard Shanley," continued Burke, "recently asserted that 'I,

456 subversives have been kicked out of the government since the President took office."

"Lincoln said: 'Persisting in a charge which one does not know to be true is simply malicious slander.'"

"The administration," continued Senator Burke, "has said that it is not feasible to break down the categories of the security-risk cases to show how many were suspect of treason and how many were guilty or suspect of misconduct."

"Lincoln said: 'A man cannot prove the negative, but he has the right to claim that when one makes an affirmative charge he must offer some proof to show the truth of what he says.'"

**"ZAR" REED**  
 Chairman Dan Reed of the Ways and Means committee used to be the congressman who urged plenty of time be taken in writing tax bills. However, now that he is in command, the gentleman from Dunkirk, N. Y., is trying to ram a new tax bill down his colleagues' throats with almost no testimony.

Anyone who wants to testify against the bill is told by Reed to appear before the Senate Finance committee.

Meanwhile Reed has secretly heard the testimony of certain Wall Street tax advisers and won't even make their testimony public.

On top of all this, Uncle Dan is trying to get a special rule through the House of Representatives that no one can amend his bill in congressional debate.

In other words, he wants to make Congress swallow his Wall Street-written bill as he wants it, with nobody else having anything to say.

**WASHINGTON WHIRL**  
 Secretary of Defense Wilson has a bent for tidiness. At the GOP box dinner, he gnawed on a chicken leg for photographers, who littered the floor with used flashbulbs. After the camera boys left, Wilson carefully swept aside their discarded flashbulbs, remarking: "Somebody could be seriously hurt by these."

Just before President Eisenhower's triumphant entry, Vice President Nixon did some hasty janitor work, picking up papers and straightening the speakers' platform. . . . The Senate Internal Security subcommittee stopped all work for two weeks and assigned its investigators to make arrangements for the gala, \$750-per-plate dinner for outgoing Chief Counsel Robert Morris, who is to become a city magistrate in New York.

At the dinner, all celebrities were introduced except Maryland's GOP Sen. John Marshall Butler. Slighted at the oversight, his dinner companion scribbled a note to the master of ceremonies, calling attention to the fact that Butler was a celebrity, too. Upon reading the note, the M. C. obligingly introduced Butler to the bored crowd.

## Social and Personal Items

### Mrs. Ray Anderson Hostess To McKinley Euzelian Class

The Euzelian class of the McKinley Avenue Baptist church held its class social at the home of Mrs. Ray Anderson. The president, Mrs. Calvin Blackman, presided over the meeting. The song, "I Love Him," was sung and prayer was offered by Mrs. Earnestine Brinkley.

The devotion taken from the 16th chapter of Mark was given by Mrs. Ray Chamberlain. Roll call was answered by each member with a Bible verse containing the word "love" in keeping with valentine day.

The losing group in attendance for the last three months will entertain the winning group Tuesday, Feb. 16, at 6 p. m. at the church. Each one is urged to attend.

The meeting was closed with prayer by Mrs. Bruce Baker.

Refreshments were served to Mrs. J. L. Hall, Mrs. Hugh Martin, Mrs. Velma Gann, Mrs. Ruth Childress, Mrs. Calvin Blackman, Mrs. George Rumsey, Mrs. Harold Chaney, Mrs. Bob Mitchell, Mrs. Marion Lasseter, Mrs. Jesse Gibbons, Mrs. Clifford Burklow, Mrs. Ray Chamberlain, Mrs. Cecil Chester, Mrs. Sam Travelstead, Mrs. Ruth Cusic, Mrs. Charles Grounds, Mrs. Earnestine Brinkley, Mrs. Bruce Baker, Mrs. Harlan Seats, Mrs. Cecil Mounce and Mrs. Ray Anderson.

### Union Chapel Volunteer Class Meets For Social

The volunteer Sunday school class of the Union Chapel Cumberland Presbyterian church met recently with Mr. and Mrs. Grant Riegel.

During the business meeting of officers for the ensuing six months were elected. They were Paul Drott, president; Mrs. Vola Sittig, secretary and treasurer; Mrs. Reginald Riegel, reporter.  
Rev. Vola Sittig, chairman of the committee to purchase new seats for the church, gave a report on their own progress. The teacher, Grover Clayton, was unable to be present due to illness.

Refreshments of sandwiches, Cokes, coffee, spiced tea and valentine candies were served to the following: Mr. and Mrs. Paul Drott and children, Mr. and Mrs. James Allen and daughter, Mr. and Mrs. Paul Holland and son, Mr. and Mrs. Jewell Jackson and children, Rev. and Mrs. Vola Sittig and sons, Mr. and Mrs. Reginald Riegel and children and the host and hostess, Mr. and Mrs. Grant Riegel and son.

### Busy Women's Bible Class Meets at Wesley Center

Thirty-four members of the Busy Women's Bible class of the Methodist church were present Tuesday at Wesley center for the regular class social.

"I Love to Tell the Story," sung in unison, led by Mrs. Nim Penrod with Mrs. Jesse Hunt presiding at the piano, opened the meeting. Mrs. Joe Gideumb led in prayer. Mrs. Robert Melven explained to the class the advisability of the WCTU educational fund and the class voted to contribute to this worthy cause.

For the worship portion of the meeting Mrs. A. I. Bair gave an inspiring devotion using for her topic "The Lord's Prayer," commenting on each phrase. She said "His Kingdom is within us."

In closing Mrs. Bair led the class in repeating "The Lord's Prayer" and Mrs. Herman Schwartz added to the devotion a little story about "Our daily bread."

Mrs. Bair, as program chairman, presented Mrs. J. C. Thompson who paid tribute to two faithful Christians, "Washington and Lincoln."

Miss Nellie Barter, acting as school teacher, presented her class reading "Funny Bones."  
A tree quiz contest was conducted by Mrs. Bair. At the close of the meeting, in keeping with the season, cherry pie, valentine candy and coffee were served by the hostess committee of Mrs. A. I. Bair. Mrs. J. C. Thompson, Mrs. Jennie Brown, Mrs. Amon Jones, Mrs. Charles White, Mrs. Everett Dillon and Miss Nellie Barter.

## Two Nominees for Illinois Mother on WEBQ Wednesday

On Wednesday at 2:30 p. m. the two southern Illinois women nominated for Illinois Mother for 1954, Mrs. Ella K. Moseley, Metropolis, and Mrs. L. N. Davenport, Harrisburg, will be guests on a program to be broadcast by radio station WEBQ. The program will be planned by the Illinois Mother nominating committee of the Harrisburg Women's club.

Mrs. Moseley, who has had a very active public life and has raised four children, will be asked to tell some of the colorful details of her brilliant career as a mother and community leader.

Mrs. Davenport, whose three sons were born and reared in Harrisburg, where she was also born and reared, has been a zealous worker among young people in the field of religious education and recreation and will be asked to tell something of her experiences. These include sending three sons away to military service, after giving them the best that could be given them in the way of education and training for citizenship. Also to tell of her work as youth secretary in nine states of the north central jurisdiction of the Illinois Methodist conference.

Both are nominated by the Federated clubs of their cities. Mrs. L. M. Smith, Ozark, Illinois Mother of 1952, will also be present, to tell of her trip to New York and the experience of meeting state mothers from 48 states and the territories of the USA.

Troubled with GETTING UP  
NIGHTS, Pains in BACK,  
HIPS, LEGS, Tiredness,  
LOSS OF VIGOR

If you are a victim of these symptoms then your troubles may be traced to Glandular Inflammation. Glandular Inflammation is a constitutional disease and medicines that give temporary relief will not remove the causes of your troubles. Neglect of Glandular Inflammation often leads to premature senility, and incurable malignancy.

The past year men from 1,000 communities have been successfully treated here at the Excelsior Institute. They have found soothing relief and a new zest in life.

The Excelsior Institute, devoted to the treatment of diseases peculiar to older men by NON-SURGICAL Methods, has a New FREE BOOK that tells how these troubles may be corrected by proven Non-Surgical treatments. ## Indiana Drops Into First Place Tie with Iowa in Loss to Northwestern

CHICAGO — Indiana's de-fending Big Ten champion cagers faced a down-to-the-wire battle today in the race to retain their crown.

The Hoosiers stumbled against Northwestern Saturday and dropped a 100-90 overtime decision which dropped them into a first place tie with surprising Iowa. Each has eight wins and one defeat.

The Hawkeyes earned a share of the lead by whipping Minnesota, 86-82, in another overtime spectacle.

Coach Branch McCracken of Indiana wasn't surprised at the result.

"I've been afraid of all the teams in the league right along," he said. "You can't let up on any of them, because any one of them can beat you. Now maybe they'll believe me when I say we've still got to win the championship."

Play Iowa Feb. 22

The title could be settled Feb. 22 when Iowa appears on the Indiana court for the only game between the two teams this season.

Meanwhile Indiana plays at Purdue tonight and Iowa at Ohio State, while other games on the program are Minnesota at Wisconsin and Northwestern at Michigan.

Both the Hoosiers and Hawkeyes have five games remaining. Other foes of Indiana will be Illinois at Bloomington and Michigan State and Ohio State on the road. Iowa tangles with Ohio State at home as well as a away. Illinois at Iowa City and Michigan State away.

The Hoosiers were nearly humiliated as well as beaten Saturday.

Northwestern's 100 points was the most ever registered against Indiana and it was the highest total ever achieved by a Northwestern team.

Indiana controlled the brawl for the first 20 minutes, but Northwestern surged to a lead at times as great as 10 points in the final half. Free throws by Burke Scott and Bob Leonard in the last 36 seconds forced the game overtime.

Illinois Beats Wisconsin

Then the Wildcats dropped 7 points before Indiana could get a bucket and at one point during the five minutes held a 15-point lead. Frank Ehman and Larry Kurka, each with 28 points, outscored the Hoosiers' star, Don Schlundt, who had 27.

In other Saturday battles Illinois grabbed a share of third place with Minnesota with a 70-64 overtime decision over Wisconsin, while Ohio State dumped Michigan, 97-77. Purdue dropped Michigan State, 64-50.

Schlundt retained first place in the individual scoring race with a 29.9 point per game average, while John Kerr of Illinois held second with 27.1. Ohio State's Paul Ebert and Dick Garmaker, Minnesota, were tied for third with 23.

## Carrier Mills Trips Galatia, 73-61; Third Victory Over County Rivals

Carrier Mills' well balanced scoring punch carried the team to a convincing 73-61 victory over Galatia Saturday night. The game was played at Carrier Mills and gave the Wildcats three wins over their Saline county opponents in as many meetings this season.

Many times in past years Carrier Mills and Galatia have met at many as three times, but no one could recall just off hand when one team had scored a clean sweep of the series previously.

The teams met at Galatia Dec. 19 with Carrier Mills the winner, 75-74. They met again in the Saline county tourney with Carrier Mills a 53-49 victory and Saturday night completed the three-game sweep.

Orto Scores 27 Points

Six players saw action for the winners, all breaking the scoring column and four hit in double figures. Rollins connected for 22 points to pace the Wildcats.

However, the scoring ace for the night was Bob Orto, Galatia captain, who peppered the nets for 27 markers.

The game got away to a fast start with the first five attempts resulting in five baskets and the score at the end of the first quarter was 17-16 in favor of Galatia. Just as the period ended Cowger of Carrier Mills was awarded a basket under the interference rule.

The shot was really short of the hoop, but a Galatia player went high in the air and hit the nets with his hands, which under the rules is interference and a basket is allowed. At the time this two-point shot looked mighty important, but when the game was over that one basket had no particular bearing on the outcome.

Carrier Mills pulled away in the second period, outscoring Galatia 17-13.

21-13 and held a 37-30 advantage at half time.

Hold 17-2 Record

The game continued in Carrier Mills' favor in the last two quarters, the winners holding a 54-45 lead after three quarters and the final count was 73-61.

The Wildcats now boast a record of 17 victories and just two defeats for the season and have an unbroken home court record of twenty-eight consecutive victories.

Galatia scored a victory in the preliminary game, 65-59. The winners were on top 21-10 at the quarter, 34-21 at the half and 50-39 after three quarters.

Carrier Mills will close out the home season tomorrow night, by hosting Rosiclare. Galatia will idle until Friday when they will entertain Brookport.

## Report to Educators Charges Sports Emphasis Harms Grade School Levels

ATLANTIC CITY, N. J. — Delegates to the American Association of School Administrators' convention reacted with mixed feelings today to a scathing report charging that "exaggerated" emphasis on "big-time" sports can cause grievous harm to boys of grade school age.

The strongly-worded report, submitted jointly by the administrators and the National Education Association Sunday, said "this alarming and unhappy" trend can cheat children educationally and may cause physical or mental injury unless stopped soon.

Among the trends deplored by the educators were high-powered sports competition and commercialism and business promotion in school athletic programs. The 116-page report stated that even junior high school boys are subject to "traces of professional baseball's farm system."

The report, read at the association's 80th annual convention, charged that the stress on individual ability and "winning the game" may force teachers to pamper star athletes and make coaches abandon good sportsmanship principles. Students not athletically inclined will tend to "lose face" with others, the report stated.

According to the report read by N. D. McCombs, superintendent of schools in Des Moines, Iowa, recruiting pressure begins with professional interest in college players and is passed on to senior high athletes and down to junior high school boys.

However, one educator took exception to that contention. H. V. Porter, executive secretary of the National Federation of State and High School Athletic Associations in Chicago, charged that the part of the report dealing with senior high athletics was written without a survey, study or canvass.

Another phase of the report criticized adult participation in organ-

ized sports activities like "Little League" baseball.

It stated that "the promotion efforts of some adult organizations and business firms to involve boys from eight to 12 years of age in highly organized competition is a problem of serious proportions."

The report further charged that schools are losing sight of the benefits of athletics and thinking too highly of the gate receipts.

## Santee to Try For Four Minute Mile Tonight

EAST LANSING, Mich. — For the first time in history, an American runner makes a serious bid for the four-minute "dream" mile tonight as Wes Santee of Kansas shoots for that target in a triangular meet against Illinois and Michigan State.

Bill Easton, Kansas U. track coach, disclosed his star's goal and said he thinks Santee will make it because he's "ready."

The lanky Kansan, who on June 5 last year reeled off a 4:02.4 clocking for the fastest mile in history by an American, proved that he is in "top form," said Easton, by his amazing performance in the Michigan State Relays Saturday night.

In that meet, Santee ran an anchor mile on a distance medley relay and was unofficially clocked in 4:02.6. Only 40 minutes later, he returned to the track to run an anchor half-mile on a sprint medley relay and clocked a brilliant 1:51.8.

## Pinckneyville Drops 41 to 40 Tilt to Quincy

Blue Devils, with 19-1 Record, Appear Cinch for Sweet 16

SPRINGFIELD — Quincy, one-point week-end victor over potent Pinckneyville, looked like a good bet today to snare a berth in the "Sweet Sixteen" Illinois prep basketball finals.

The rampaging Blue Devils have compiled one of the finest records of the current cage campaign and there doesn't appear to be a serious western Illinois threat to their bid for their 10th trip in 13 years to the state finals at Champaign.

Coach George Latham's quintet now sports a fine 19-1 won-lost record, including 12 victories in a row.

Adding to the impressiveness of the 41-40 Quincy win over Pinckneyville Saturday night was the fact that Pinckneyville had been the only team which previously had solved the Blue Devil attack.

Pinckneyville's Panthers had tripped up Quincy 65-57 in the Centralia holiday tournament in December. And the Panthers had only one loss in 23 games themselves, a 51-46 defeat by Centralia in the title game of the same tournament.

It was touch-and-go through the Quincy-Pinckneyville game Saturday on the Blue Devil floor. Quincy winning by the margin of a basket scored with only five seconds left to play in the final period.

Heroes for Quincy were Rodney Rogers, who dumped in that winning basket, and Tommy Payne, high scorer with 22 points.

Pinckneyville was rated the No. 2 team in downstate Illinois by the United Press Board of Coaches last week. Quincy was listed No. 4.

Litchfield and Edwardsville, two other members of the current U. P. "top 15" teams, collided in another headliner Saturday night, with Litchfield's Purple Panthers recording a 65-52 triumph.

Litchfield ran up a 37-19 halftime lead and Edwardsville's attempts to get back into contention in the second half failed. Ron Pursell, a transfer from Pinckneyville, led Litchfield's scoring with 22 points, including 14 free throws.

Litchfield, which now has a 21-3 mark, was ranked No. 7 and Edwardsville No. 5 by the U. P. coaches last week.

La Grange, Mount Vernon, Centralia, Moline, Wood River, and Rockford West all tallied victories in Saturday night tilts.

The La Grange Lions, rated top team since the season's start, man-handled Hinsdale 82-62 for their 17th win in 18 games. Only two foes are left on the Lions' regular schedule.

Mount Vernon ran its record to 18-2 with a 60-47 victory over Salem. The third-rated Rams had edged West Frankfort 48-44 Friday.

Centralia, ranked No. 8 downstate team, scored its sixth win in a row and 16th in 20 games by topping Johnston City 82-61. Falters Moline recovered from its 54-52 Friday loss to Galesburg with a 92-51 defeat of Decatur.

Wood River, a strong threat in southwestern Illinois, rolled over Collinsville 59-39 for its eighth in a row. The Oilers had steamrollered Granite City 103-54 Friday.

## Bull Dogs Lose to Mt. Carmel, 80-51; Archie Dees Scores 32 Points

The Harrisburg Bull Dogs, beaten 80-51 at Mt. Carmel Saturday night, this week enter their next-to-last week of regular season competition, travelling to Herrin for a South Seven conference game Friday night and entertaining Charleston the following evening.

They wrap up the schedule the next week at West Frankfort and Johnston City, then enter the Mt. Vernon regional tournament.

The Bull Dogs, in bowing to Coach Roy Gatewood's Aces Saturday night, were so cold in their shooting the first half they hit but 14 per cent from the field, making only four field goals the first two quarters. They looked much better the second half as they hit for 40 per cent, with Ronnie Riegel scintillating with his floor play and his shooting.

Archie Dees Scores 32 Points

But Mt. Carmel really was much too much for the locals, with the best scoring player in these parts on their side. He's Archie Dees, the six foot, eight inch center who can move and handle the ball. Tall Archie put 32 points through the hoop, which is about average for him. Mt. Carmel fans declared.

The two local seniors, Riegel and Richard Gidcomb, played a good game, especially during the second half. Riegel made 18 points and Gidcomb, who went into the pivot and played well against Archie, after Gerald Wasson fouled out early in the third quarter, had 10.

Outside of Dees, the Mt. Carmel team was small but fast. A couple of the boys, Jack Brown and Perry, were sharp with their shots. Brown the first half and Perry the second.

Mt. Carmel ran up a 20-5 lead on Harrisburg the first seven minutes of the game and Coach Lawrence Caluffetti inserted a new team at that point. The quarter ended 22 to 7.

The first team went back in after two minutes of the second period had elapsed, the score 24-8 at the time, and in the remaining six minutes Mt. Carmel made 15 points, Harrisburg eight. The half ended 39-16.

Bull Pups Lose, 60-56

In the third quarter Harrisburg made a game out of it as they scored 16 points to 14 for Mt. Carmel. Then in the final period the Aces ran wild in their scoring although Harrisburg made a respectable 19 points.

The game saw the winners of the North Egyptian conference playing the cellar-dwellers of the South Seven. Mt. Carmel, with a 10-0 mark, has two more games but the next best outfits have lost three games each. Harrisburg has a 0-10 mark with two more contests in the loop.

Coach Bill Cady's freshman-sophomore team came near to winning the preliminary, but lost out 60-56 in the closing minute. At one point late in the game the locals led 48-43 but with a minute remaining the count was tied 55-55.

Mt. Carmel led 11-9 at the quarter and extended the lead to 31-22 at halftime. However, Harrisburg scored 22 points the third quarter to take a 44-43 lead at the end of the frame. Joe Dorris was high for Harrisburg with 18 points, closely followed by Bennie Fulkerson with 17. Bill Henshaw had nine, Jack Wright seven, Don McGowan five and Bryan Jones none.

## Selvy Sets New Major Records With 100 Points

NEW YORK — Jolted by the twin defeats of Indiana and Oklahoma A and M and a bit giddy from watching Frank Selvy smash four all-time records by straight 100 points in one game, college basketball was in a mighty confused state today with tournament time less than a month away.

Every major conference race still is up in the air, and that's the chief reason why so far only one of the 24 berths in the NCAA tournament has been filled and only three of the 12 National Invitation tournament spots.

Indiana, the defending national champion and ranked first in the nation this season by the United Press Board of Coaches, was dealt a shocking, 100-90 defeat Saturday by 11-times beaten Northwestern.

The Aggies, ranked fourth nationally after winning 17 straight games, were sent crashing, 63-60, by Oklahoma. The Aggies still are unbeaten in Missouri Valley conference play, but can't afford even a mild slump because Wichita is hot on their heels. The Aggies can clinch a title tie by winning two of their remaining four league games.

Selvy Scores 100 Points

The Selvy saga, bidding fair to steal the show from the Bevo Francis story, hit a peak on Saturday when the Furman senior scored his 100 points to pace a fantastic 149-95 victory over Newberry. The marks set by Selvy count as major-college marks, rather than small-college as Francis' feats are regarded by the NCAA and they are the new records that big spree set.

1. Eclipsed the old mark of 73 points for a single major college game, set by Bill Milky of Temple in 1951.

2. Boosted his career total to 2,197 points, breaking in less than three years the mark of 2,194 set by Jim Lacy of Loyola of Baltimore in four.

3. Gave him 1,606 points over the

## Giardello Keeps Feet Firmly on Floor, Becomes New Middleweight KO Threat

By JIMMY BRESLIN  
NEA Staff Correspondent  
NEW YORK — (NEA) — It's easy to see how Joey Giardello, who is winning all of his arguments in the ring these days, was able to gain a court decision over New York Commissioner Bob Christenberry.

All you have to do is get into a conversation with the Philadelphia middleweight and his handlers.

After his one-round knockout of Walter Cartier at Madison Square Garden, Giardello was skipping around his dressing room, firing a volley of punches at thin air and talking quickly and in a fashion which would confuse any court.

Co-managers Carmine Graziano and Tony Ferrante were over by the rubbing table, talking quicker than Giardello.

"No reversal here, huh, Joe?" somebody said, referring to the Billy Graham fight of last year, which Joey won in the ring, saw Christenberry reverse the decision and then won again in court.

"Not as long as I keep laying them out for dead," Joe answered. "What's your name... Giardello or Giardelli?" he was asked. "I see you got an 'I' on the back of your robe."

"It's Giardello... the guy who made the robe misspelled the name."

"But my real name is Carmine Tilli," the fighter answered. "You know, I'm fighting for all I got these days. I just had another son arrive yesterday. His name is Carmine."

"How do you spell it?" a reporter asked. "G-I-A-R-D-E-L-L-O. Manager Carmine Graziano answered. "But there's no mixup about Joe once he steps into the ring. Since last two seasons, breaking the two-season mark of 1,540 set by Dick Groat of Duke.

4. His 41 field goals broke the single-game mark of 32 set by Milky in that 73-point game.

losing a 12-round verdict to Graham, he has soundly whipped Gil Turner, Ernie Durando, Hurler Sanders, Cartier in a 10, Tuzo Portuquez and then came on to stiffen Garth Panther in five and Cartier in one.

A split decision loss to Johnny Saxton mars this record, but Joe would be happy to get back at the flashy Brooklyn boxer.

Only 23, he has been learning as he goes and his last two KO victories established him as a puncher for the first time.

# Urges Billion for Indochina War

WASHINGTON (UPI)—Senator H. Alexander Smith (R-N.J.) said today Congress should vote about one billion dollars this year to help pay for the French fight against communism in Indochina.

"We are going to have to carry the greater cost of the war again," he said in an interview. "We'll have to spend about the same as we are this year."

The United States has earmarked 785 million dollars for the French war effort during the current fiscal year ending June 30. A spokesman for the Foreign Operations Administration said Congress is being asked to authorize about 800 million dollars for fiscal 1955.

Smith, who heads the Senate's Far Eastern Affairs Subcommittee and recently surveyed the Indochina situation, said "I don't feel as much alarm about the picture as some people."

"In fact, I am very optimistic about an ultimate French victory," he said. "The biggest weakness is Paris. If they decided to pull out of Indochina it would be very serious."

## Michael Reese Nurse to Address HTHS Students

Miss Bernadine Myers

Heartwarming stories, humor, and the familiar incidents all remember when they are sick as children will be portrayed for students of Harrisburg Township high school on Friday, Feb. 19. Miss Bernadine Myers, R. N., who will stop in Harrisburg while on a tour of this area, will speak from her own experiences as a nurse at Michael Reese hospital in Chicago.

Michael Reese is the largest private hospital in the midwest, and its hospital for children, Sarah Morris hospital, is known throughout the country for its pioneer role in pediatric medicine, and its modern scientific facilities.

However, life in a children's hospital today is not the cold, awesome experience many of us think it is. In her talk, illustrated by a film strip showing actual scenes of children in the hospital, Miss Myers will show the human and emotional side of child care. The film will take students behind the scenes in the nursery, the premature nursery, the children's psychiatry unit, and the many specialized facilities at Michael Reese where the miracles of modern medicine work to save lives each day, around the clock.

Miss Myers sees her experiences as one interesting phase of the nursing field. Her talk will also include a more general description of her profession. Students will have an opportunity to discuss nursing as a career with Miss Myers at the conclusion of her talk.

## Coffee Buying Halted by Armed Services

WASHINGTON (UPI) — Sen. J. Glenn Beall (R-Md.) said today he is "delighted" to hear the armed services have stopped buying coffee "during this period of high prices."

"The military has ample stocks," he said. "There is no reason why they should be buying for the future when it's going to cost the taxpayer more money."

Beall, head of a Senate Banking subcommittee that has been investigating soaring coffee prices, made the statement after Gustavo Lobo Jr. reported the action of the military.

Lobo, president of the New York Coffee Exchange, said in a television interview Sunday NBC "American Forum" that the services have halted coffee purchases and now are "living off their stocks."

He did not indicate what effect the action might have on retail prices but he did say it indicated the services have "enough coffee to last them some time."

The Defense Department declined to comment immediately.

Meanwhile, Sen. Guy M. Gillette (D-Iowa) said on the same program that each recent one-cent rise in retail coffee prices "cost our American consumers 27 million dollars." He is author of a Senate-approved bill to put the coffee exchange under federal regulation.

Don Jorge Hazera, Costa Rican minister and chairman of the Inter-American Economic and Social Council, replied that none of the recent increases have gone to Latin American coffee producers.

New methods of reproducing maps by "engraving" on plastics result in turning them out faster and with less labor. Using this method, map-makers can be trained in a few days, production upped as much as 30 per cent, and the quality of the maps improved.

**THE STORY:** Grete Marratt has taken over the identity of Luke Usher, whom he resembles, in order to hide from the law. Usher had disappeared after his father's murder, for which he had accused Clem Ryerson, owner of the Wineglass ranch. Marratt intends to hide only until he discovers the trace of the partner of the man for whose killing Marratt was sentenced to the penitentiary. But he has been shot at and threatened as Usher and is determined not to be chased away.

Crafin picked up a lamp and went to the girl's bedroom. Now for those checks! He examined the flooring, the bed.

He ran every inch of the quilt through his fingers before dropping it into a heap on the floor. Kicking it out of the way, he stripped off the sheets, got to work with his knife on the mattress.

While he worked, his thoughts slipped back 17 years and he remembered the towering rage he'd been in when Ryerson came back from one of his mine-hunting trips with Naome's mother. She had found him delirious and dying from snakebite and had nursed him back to health.

She'd been a good-looking wench and Crafin could have understood Ryerson keeping her around. But marrying her!

It was after the squaw had found Ryerson a papoose that Crafin decided to get rid of her. A girl he could handle, but he didn't want any boys.

He didn't have Tularosa on the payroll in those days and there was no hemlock handy, so he'd introduced a handful of chopped-up oleander into the mustard greens she'd been boiling one day while Ryerson was over to the county seat.

He'd thought for awhile the boss would go off his rocker, and he had been kind of worried because he hadn't been ready to discard Ryerson then; he'd needed a front for the steals he'd been planning.

It was when Naome was nine and beginning to bud out that he'd

## Medical Society Defends Hospital In Baby's Death

CHICAGO (UPI) — The Chicago Medical Society today defended a hospital accused of turning away a dying baby when her mother could not pay a cash deposit.

In a formal report, the society said it did not believe the child, 5-month-old Laura Lingo, died of burns as her mother and a coroner's report said.

The report said that Woodlawn Hospital gave the girl adequate first aid before sending her to County Hospital.

The society said the hospital demanded a \$100 deposit from the mother because it appeared the baby would require two or more weeks of care and the family had no hospitalization insurance.
